# ANTHONY MIGISI MAKORI

FULL STACK SOFTWARE DEVELOPER ||FULL STACK SOFTWARE ENGINEER || FULL STACK WEB DEVELOPER || BLOCKCHAIN DEVELOPER || DATA ANALYST || UI/UX DESIGNER.

## Objective

Applying for a software developer position where my creative thinking and excellent skills in software development using modern development tools will be utilized for the betterment of the company. Am a hardworking software developer driven to increase team effectiveness. Focused on usability and performance improvements. Proven history of developing useful, efficient and cost-effective projects.

## Education

**2021-Current**

**Masinde Muliro University of Science and Technology**
**Bsc in Computer Science**

- HTML
- C & C++ Programming
- JAVA Programming
- OOP Programming
- SQL

**2020-2022**

**Devtown**
**Web and Software Development**

- ReactJs Development
- Python Development
- Laravel, PHP, CodeIgniter
- JavaScript,
- Artificial intelligence

**2021-2022**

**Memoi Africa**
**Web3 Development**

- BlockChain
- Solidity
- Smart Contract
- Node. Js
- Ethereum

## Certificates

I have acquired different certificates in accompaniment of the work I do as an appreciation of the same .

| | |
|---|---|
| Dec 2020 | **Certificate of completion from Devtown**<br>Took classes in learning JavaScript and React.Js |
| May 2020 | **Certificate of merit from Devtown**<br>Having successfully completed an Instagram clone using HTML, CSS & JavaScript. |
| March 2021 | **Certificate of Completion from Memio Africa**<br>For successfully completing a course in blockchain |
| April 2022 | **Certificate of Completion from Google**<br>Was awarded a Certificate by Google after having taken and completed a course in C++, Machine Learning |
| Feb 2023 | **Certificate of Completion From Amazon,Google and Devtown**<br>Was awarded a completion certificate from Amazon, Google and Devtown after successfully completing a course in Data Science with Python and R programming languages. |
| Nov 2023 | **Certificate of Completion from W3 Schools**<br>Having Successfully completed a W3 learning in Software Development. |
| Jan 2024 | **Certificate of Completion from W3 Schools.**<br>Having completed a course in both front-end and back-end Web Development. |

**Skills**

- Vast knowledge of developing and implementing software products based on client's needs.
- Experience in handling popular developmental software such as Laravel, PHP, AJAX, jQuery, HTML5, CSS, React, React Native, MySQL, XML, SOAP, JSON, JAVA, Python, C#, C++, C, LESS, SASS, Tailwind CSS, CSS3, Android, Socket.io, Flutter, Redux, NEXTJS, VUEJS, NODEJS, and JavaScript etc.
- Selenium Tests Automation
- Jenkins
- Git Version Control on GitHub, Bitbucket and GitLab.
- Good knowledge in DevOps and application development.
- Experienced in working on Unix systems and developing databases.
- Excellent in troubleshooting skills with an ability to engineer well researched, responsive solutions after analyzing codes.
- DevOps Methodologies
- API Development and Integration
- Having knowledge of processes and tools to design state of the art software solutions.
- Ability to deliver on multiple competing priorities with little supervision
- Experience building large scale, customer-centric software applications
- Understanding of large codebases, APIs, and third-party libraries
- Database Management (Structured and Unstructured)
- Knowledge of Scrum/Agile development methodologies
- Proficient in designing scalable databases or datastores using MySQL or similar SQL technology
- Linux Administration
- Analytical Thinking and Problem-Solving
- Experience working with ReactJS, Docker, Git, NPM, etc.

## Professional Experience

**2023**

**UPWORK Freelancer**

*Freelance Full Stack Software Developer*

- Create and later implemented custom web applications meeting the client's needs.
- Involve in entirely of software development lifecycle from designing, coding to debugging and testing.
- React to the changing needs of customers.
- Analyze risks and reliability of particular web applications.
- Use markup languages like HTML to create user-friendly web pages.
- Maintain and improve client websites.

**2022**

**Achiever Softwares LTD**

*Tech-Lead Software Developer*

- Created business software and integrated them with M-Pesa payment gateways including M-Pesa Express, M-Pesa B2C, and M-Pesa C2B.
- Developed School Systems, Apartment Rentals System, CRM Systems, and Project Management Systems
- Installed and configured software applications and tested solutions for effectiveness.
- Consulted regularly with internal customers on application development project status, new project proposals and software-related technical issues.
- Worked closely with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability and performance.
- Monitored debugging process results and investigated causes of non- conforming software.
- Improved system performance by making proactive adjustments and resolving bugs.
